'BURN NETANYAHU' SPAIN NATIONALS BURN EFFIGY OF ISRAELI PM IN FESTIVAL
Netanyahu Effigy BURNT During Easter Ritual In Spain | Judas' Symbol Sparks Fury Over Iran War

Tensions and symbolism collided in Spain as residents of El Burgo, Málaga, burned and detonated an effigy of Israeli Prime Minister Benjamin Netanyahu during Easter Sunday celebrations.

The act was part of the traditional "Burning of Judas" ritual, a long-standing Holy Week custom where figures symbolizing betrayal or evil are destroyed.

This year, the effigy carried strong political meaning, reflecting growing opposition in parts of Spain to Israel's actions in Gaza.

The dramatic spectacle has sparked debate worldwide — is it cultural tradition, political protest, or both?
